REPORT SPILLS

Each year, the City responds to more than 100 spills on our streets, driveways and parking lots. These spills enter our storm system, draining directly to the nearest lake, stream, or wetland.

Most of these spills are from vehicles and often contain pollutants like oil, grease, and other harmful chemicals. Help protect local streams by calling our spill hotline as soon as you see a spill: 425.806.6750

Remember, if you See Something, Say Something

Smart^{with}Art

SMART WITH ART SUMMER CAMPS

Trash to Treasures (Ages 7 - 12)

We love our planet! Come learn how you can do your part to help make it a better place. Join us as we create art that will transform discarded everyday items into fantastic art projects while helping our environment! Campers will learn new art techniques, expand their creativity and learn how they can Reduce, Reuse and Recycle in their own home!

M-F 6/20-/24 1:30 - 4:30 p.m. Loc: Lytle House
#18143..... R \$179/NR \$214

Campolopoly: Are you Game? (Ages 7 - 12)

Use your "Get out of jail free card" and join us for a fun filled week all about board games! Campers will get the chance to create their very own board game, including the rules, the logo and even the game pieces. Roll the dice and join our camp where we all end up winners after an energetic week of art and creativity!

M-F 8/8-8/12 1-4 p.m. Loc: Lytle House
#18144..... R \$179/NR \$214

PLAY-WELL TEKNOLOGIES SUMMER CAMPS

Pre-Engineering using LEGO® (Ages 5-7)

Build engineer designed projects such as boats, bridges, mazes and motorized cars, and use special pieces to create your own unique design! Explore the endless creative possibilities of the LEGO® building system with the guidance of an experienced Play-Well instructor. *Registrations must be received by the Wednesday before camp begins.*

M-F 6/27-7/1 1:30-4:30 p.m. Loc: Lytle House
#18117 R \$174/NR \$208

JediCraft Adventure Game using LEGO® (Ages 5-7)

Mine, craft, and build the Star Wars universe using LEGO! Roll the dice to gather Jedi resources. Then build a Pod Racer, craft a Droid, or create the Treehouse Village of Endor! Students will have a blast, even with no prior experience with Minecraft or LEGO®. *Registrations must be received by the Wednesday before camp begins.*

M-F 8/1-8/5 1:30-4:30 p.m. Loc: Lytle House
#18118 R \$174/NR \$208

STEM PATHS FOR KIDS SUMMER CAMP

Innovation Club: Robotics Imagineering (Ages 6 - 12)

In Innovation Club, we will be exploring the exciting world of robotics! Groups will explore electronics, engineering, and even programming skills! Participants engage in an exciting adventure using their natural innovation skills in an engaging programming environment. Design, build and program robots to complete projects, win challenges, and design a robot that senses its environment. No programming experience necessary, just a great imagination and teamwork!

M-F 7/25-7/29 1:30-4:30 p.m. Loc: Lytle House
#18147..... R \$225/NR \$270

YOUNG REMBRANDTS SUMMER CAMP

Fashion Runway (Ages 6-12)

Join us for 5 days of runway chic as we illustrate the various aspects of fashion design. Step into the shoes of a fashion magazine editor as you design and draw an eye-catching fashion magazine cover. Design the perfect purse to go along with the outfit of your dreams. And finally, draw your model stepping out onto the runway in your fashion originals. If you love to design clothes and are hip to the latest fashions, this drawing workshop is a perfect fit. *Registrations must be received by the Wednesday before camp begins.*

M-F 7/11-7/15 1:30-4:30 p.m. Loc: Lytle House
#18120..... R \$165/NR \$198

MAD SCIENCE SUMMER CAMP

Crazy Chemworks (Ages 6 - 12)

Your junior chemist will create surprising concoctions, break molecules with ease and shake up a flask full of fun. Kids will use the tools, safety procedures and laboratory techniques of real chemists as they investigate solids, liquids and gases at the atomic level. They'll craft chemical combinations to create super-sticky-stuff, analyze the properties of light and discover why things glow-in-the-dark. *Registrations must be received by the Wednesday before camp begins.*

M-F 7/18-7/22 1:30-4:30 p.m. Loc: Lytle House
#17922..... R \$172/NR \$206

SATURDAY SMART WITH ART WORKSHOP

Smart with Art is an innovative, fun mobile art company providing educational art experiences.

Father's Day Craft Bonanza (Ages 6 - 11)

We design and create a special gift just for dad, grandpa, or that special guy in your life. We will craft away and have our art inspired creation gift wrapped, ready for gift giving!

S 6/11 10 a.m. - Noon Loc: Lytle House
#18142..... R \$35/NR \$42

City of Bothell Non-Discrimination Policy

The City of Bothell complies with the State of Washington's "Fair Play in Community Sports Act" (Chapter 467, 2009 Laws, effective date July 26, 2009) that prohibits discrimination against any person in a community athletics program on the basis of sex. Any questions or comments, please contact Parks and Recreation Director, John Keates, at 425.806.6751.

RECREATION - FAMILY

City of Bothell Parks & Recreation and the King County Library System partner up for summer fun!

FREE Family programs – all ages welcome at the Park at Bothell Landing

Stroll to Story Time

Join us for songs, stories and finger plays in the great outdoors! Stop by the Library2Go Van and browse for books, check items out or sign up for a library card.

Saturday, 7/9 10 a.m.

The Noiseguy (Family program, all ages welcome)

Charlie Williams is the Noiseguy! A vocal sound impressionist and kids' comedian, Charlie is a walking, talking, squawking cartoon character. He can imitate ANY sound with his mouth. He demonstrates how to use sound effects, slapstick humor and onomatopoeia to enhance storytelling and performance. *This event is sponsored by KCLS.*

Friday, 7/15 11:30 a.m. – 12:15 p.m.

StoryWalk® (Family program - all ages welcome)

Walk, run, read! It's a skip and a hop and a whole lot of fun as you follow the pages of a book and wind your way along a trail. Co-sponsored by KCLS, the City of Bothell and the Friends of the Bothell Library. The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT, and developed in collaboration with the Kellogg Hubbard Library. Storywalk® is a registered service mark owned by Ms. Ferguson.

Sunday, 8/7 2 – 4 p.m.

*For more information
call the Bothell Library at 425.486.7811*

Blyth Park Family Camp Out

Join us at Blyth Park where you can pitch your tent or sleep under the stars. There will be a variety of activities including making s'mores and singing around the campfire. Dinner and continental breakfast provided. Bring tent, sleeping bag, flashlight, bug spray and be ready for some family fun. If you choose to sleep under the stars, bring a tarp to put under your sleeping bag. Participants under the age of 18 must be accompanied by an adult. This event is sponsored by Pacific Medical Centers and Heritage Bank.

S 8/27 5 p.m. – 10 a.m. Loc: Blyth Park
#18271 R - \$25/family up to 5
..... \$5 per additional person
#18271.....NR - \$30/family up to 5
..... \$6 per additional person

RECREATION - FAMILY, YOUTH & ADULT

About Boating Safely *(All ages-under 15 with an adult)*

This class will give you the knowledge needed to obtain a boat license or safety certification in Washington State, as well as many other states. The certification test is administered at the end of the class.

Topics include: Introduction to Boating, Boating Law, Safety Equipment, Navigation, Trailering, Storing and Protecting Your Boat, Water-skiing and River Boating. Many insurers will offer discounts on boating insurance to boaters who successfully complete the course. **BONUS:** All students are eligible for a **FREE Vessel Safety Exam** from the US Coast Guard Auxiliary! *Registrations must be received by the Wednesday before class begins.*

S 6/25 9 a.m.-5 p.m. Loc: Lytle House
#17887 R \$24/NR \$28
..... Family 2+ people R \$29/NR \$34

Juggle 4 Fun *(Ages 10 & up)*

Come drop in for some summer fun! All levels are welcome – no experience is necessary. Juggling instructions range from the basic 3-ball pattern through a wide variety of advanced 3- and 4-ball juggling patterns. Juggling with clubs and club passing is also taught. Juggling is great for improving hand-eye coordination and is fun for the whole family. The Juggle 4 Fun group has a large selection of juggling props that they freely share with anyone interested in learning.

W 6/22 - 8/31* 7 - 8:30 p.m.
Loc: Wilmot Gateway Park
Free/Drop-In

*Juggle 4 Fun will meet at 6:30 p.m. on 7/20, 7/27, 8/3 and 8/10 to coincide with the Woodinville concerts in the Park.

Jr. High Gym Night *(All Junior High Students)*

Just for Jr. High students! Drop in to shoot some hoops or just hang with friends and have a slice of pizza. This is an award-winning collaborative program between the City of Bothell Parks & Recreation, City of Bothell Fire and E.M.S. and Uncle Peteza's Pizzeria. The program is also sponsored by Heritage Bank. *Program does not run on non-school days.*

FREE - Program will run through June 13
M ongoing 5-6:30 p.m. Loc: Frank Love Elementary

Men's Summer Softball League *(Ages 18 & up)*

City of Bothell
Parks & Recreation
offers a Men's Summer
Softball League.

For more information:
425.806.6760
leaguelineup.com/bothellsoftball

Cell Phone Photography *(Ages 15 & up)*

Are you ready to take cell phone photos like a pro? Learn how to do this from Jeffrey Fong, professional photographer, who has created this fun and informative class for people like you. It will cover cell phone capabilities, photo techniques and some apps that you can use on your photos. You will take photos and receive immediate instructor feedback. All you need is a fully charged battery and room to store photos on your phone. It will be helpful to bring your owner's manual for reference. Give Jeffrey two hours of your time and he will give you endless hours of photographic enjoyment in return.

Tu 7/19 6-8 p.m. Loc: Lytle House
#18270 R \$25/NR \$30

■ RECREATION - TEEN & ADULT

Belly Dance for Beginners (Ages 15 & up)

This class is for students who are new to belly dance or students who are new to Sunniva's lessons. You will learn exciting dance steps and moves to increase your confidence, core strength and coordination. The class will be broken up into different sections. Focuses will be warm-up and drills, new moves, improvisational skills, stretching and cool down (consider bringing a yoga mat). Please dress comfortably in exercise tops or t-shirts and yoga pants or shorts. Many belly dancers dance barefoot but shoes are allowed. All ages and sizes are welcomed and encouraged. Please contact Sunniva for more information: Sunniva5128@gmail.com.

*Registrations must be received by the Monday before each session begins. *No class on 7/6*

W 6/8-7/20* 6-7 p.m. Loc: Lytle House
#18123..... R \$66/NR \$79

W 7/27-8/10 6-7 p.m. Loc: Lytle House
#18124..... R \$48/NR \$57

Intermediate Belly Dance (Ages 15 & up)

This class will build upon the fundamentals learned in the beginner class. Adding complexity, layers and focus on improvisational skills brings a new fun challenge to this wondrous art. Focuses of class will be warm up and drills, new moves, improvisational skills, stretching and cool down (consider bringing a yoga mat). Please dress comfortably in exercise tops or t-shirts and yoga pants or shorts. Many belly dancers dance barefoot but shoes are allowed. All ages and sizes are welcomed and encouraged. Please contact Sunniva for more information: Sunniva5128@gmail.com

*Registrations must be received by the Monday before each session begins. *No class on 7/6*

Bothell FIT4MOM Classes (Open to all moms)

Are you a new or seasoned mom looking to get in shape, meet other moms, and set a positive example for your little one? Look no further, FIT4MOM of Bothell has partnered with the City of Bothell Parks & Recreation to bring you Stroller Strides classes! Stroller Strides is a 60 minute, total body fitness program for moms that you can do with your baby. It includes power walking and intervals of body toning using exercise tubing, the environment, and the stroller. Taught by specially trained instructors who are also moms, Stroller Strides is designed to be a great workout for ANY level of exerciser. Your first class is FREE, come try one at any time!

Visit www.bothell-kirkland.fit4mom.com for our complete class schedule including times, days, and fees. All payments are taken at class. Contact Hilary Storey with any questions at hilarystorey@fit4mom.com

Monday - Saturday 9:30 a.m. Loc: Park at Bothell Landing

ZUMBA®
fitness

ZUMBA® (Ages 18 & up)

Zumba® is a Latin-inspired dance aerobics class using intervals and body weight resistance to burn fat and sculpt your body. The easy steps require NO dance experience. Bring a water bottle to each class. Classes are taught by Zumba® instructor Amy Larson. Wear comfortable clothes and shoes. No class evenings of 4/5 and 5/30

Location: Lytle House

AM CLASSES T & Th 9 - 10 a.m. ongoing

3 WAYS TO PAY! Due to limitations with our registration system, online registrations can only be accepted on the first day of each month. Beginning on the 2nd of each month you must register by mail or in person at City Hall. We are sorry for this inconvenience.

1. Purchase a six visit Flex Pass and use it at any AM/PM Zumba class.

CPR & FIRST AID CLASSES: Individuals, Businesses & Groups

Classes are taught by City of Bothell Fire and E.M.S. For registration information, please contact City of Bothell Parks and Recreation at 425.806.6760. Registration is required for all classes. For specific CPR/First Aid class questions, contact Public Educator Kirsten Clemens at 425.806.6106 or kirsten.clemens@bothellwa.gov

Basic First Aid

Learn how to respond to the most common medical emergencies, such as treating shock, opening an airway, controlling bleeding, and much more.

This course is meant to meet workplace requirements and upon successful completion, you will receive an American Heart Association student manual & certification card valid for two years. Please note: this class does not include CPR. CPR and AED classes are also available, please see course offering above. *Registrations must be received by the Monday before class begins.*

T 6/21 5:30-8:30 p.m. Loc: Downtown Firehouse
#17907 R \$45/NR \$54

T 7/19 7:30 – 10 p.m. Loc: Downtown Firehouse

T 8/23 7:30 – 10 p.m Loc: Downtown Firehouse
#17909 R \$45/NR \$54

Adult/Child CPR and AED

This course teaches participants CPR and to use the AED (Automated External Defibrillator) for adults (eight years old and above) and children (one to eight years old). Participants learn how to recognize and respond to life threatening medical emergencies, such as heart attack, cardiac arrest, stroke, and choking. This course meets workplace requirements and upon successful completion, you will receive an American Heart Association student manual & certification card valid for two years. Please note: this class does not include First Aid and does not meet the requirements for Healthcare Provider CPR/AED. *Registrations must be received by the Monday before class begins.*

Instructor-Facilitated Online Learning

Our instructor-facilitated online courses are informative, fun,

convenient, and highly interactive. All courses run for six weeks (with a two-week grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links, and more. You can complete any of these courses entirely from your home or office and at any time of the day or night.

How to Get Started:

1. Visit www.ed2go.com/bothell and choose a class from the many choices listed
2. Fill out the registration form and mail/fax/walk to Bothell Parks and Recreation with payment.
3. Once you have registered with the Bothell Parks and Recreation, go back to our Online Instruction Center www.ed2go.com/bothell
4. Click the Orientation link and follow the instructions. During orientation, you will learn important information about your course and be provided an opportunity to choose the name and password you will use to access your course.
5. When your course starts, return to our Online Instruction Center and click the Classroom link. To begin your studies, simply log in with the name and password you selected during orientation.

Start Dates: A new section of every course in this catalog will begin on June 15, July 13, August 17

Requirements: All courses require Internet access, e-mail, Netscape Navigator, or Microsoft Internet Explorer. Some courses may have additional requirements. Please visit our Online Instruction Center for more information.

Class Fees: R \$81/NR/\$97

Make sure to go to www.ed2go.com/bothell to see a complete list and description of class offerings. There is something for everyone!

CITY MANAGER'S MESSAGE

by Peter Troedsson, Acting City Manager

A city in transition continues to serve you

As the City Council begins a search for our next City Manager, our responsibility to you, the people of Bothell, endures. The City Council will be seeking public input as the search progresses. Meanwhile, City staff continue to accomplish the day-to-day work of the City and strive to provide the highest level of service we can.

The visible work we do around the City ramps up as summer draws near. Numerous construction projects are underway. Our annual Sustainamania event takes place June 4. Independence Day festivities, including the pancake breakfast and the parade, are just around the corner. You can enjoy our annual summer concerts in the park at the North Creek Sportsfield #3. Read about these events and more in this edition.

Also learn how you can weigh in and give your thoughts on how the Wayne Golf Course property should be used. John Keates, Parks and Recreation Department Director, has worked diligently along with the Wayne Golf Course Committee to help the community begin to develop a vision for the property. Other City efforts include an on-going series of listening sessions, "Community Conversations," with folks from around the community.

We're hearing about what kind of community people want Bothell to be, and innovative ideas about collaboratively making Bothell an even better place.

And finally, the City Council approved the Purchase and Sale agreements for the last parcels of land the City had for sale. The remainder of the City Center block, the undeveloped land on the property housing City Hall, is being purchased by Bothell Hotel, LLC. They'll build two separately branded hotels, with construction anticipated in early 2017.

The City is selling Blocks E, F and G to TRF Equities Bothell, LLC. This triangular parcel, between SR 522 and Main Street, will be developed into a minimum of 30,000 square feet of commercial space with a drug store anchor. Construction is anticipated in late 2017, subject to environmental remediation by the City.

This was a major milestone in Bothell's downtown redevelopment, positioning us well for the future. In total, the City has sold nearly a million square feet of land for development, consistent with the vision the Bothell community established.

I look forward to continuing to serve you. Feel free to get in touch with me or our staff if you have questions.

Celebrate safely!

The City of Bothell encourages citizens to celebrate safely this Fourth of July by attending one of the many public fireworks displays in the area.

To find fireworks near you, please visit:
wsp.wa.gov/fire/docs/fireworks/fireshow.pdf

The City currently allows the sale and discharge of state-approved Class C fireworks on only from July 1 through July 4. Discharge is only permitted on July 4 between 9 a.m. and 11 p.m. Please remember, no discharge is allowed on City property, including City-owned parks. To report the use of illegal fireworks, please call 9-1-1. For other non-emergency fireworks complaints, please call 425.486.1254.

Multiway Blvd. construction underway

Construction on Phase II of the Multiway Boulevard Project is now underway. The Boulevard will become a “showpiece street,” which has already helped encourage economic revitalization in Bothell. The project is expected to last approximately 15 months, with completion in summer 2017.

It will complete the remainder of the Boulevard to Reder Way, realizing the City’s goal of joining the new development on the west side of Bothell Way with the historic core on the east side.

What drivers can expect

Downtown drivers between State Route 522 and NE 188th Street, and on 183rd and 185th streets, can expect periodic lane closures and pedestrian route detours. Detours will be posted on the City website.

The estimated project cost is \$13.2 million. The City invested more than \$5.4 million of City funds and brought in over \$2 million of private money. A grant of up to \$6.75 million from the Washington State Transportation Improvement Board allowed construction to begin.

(L-R) Councilmember James McNeal, Deputy Mayor Davina Duerr, Councilmember Del Spivey, Alex's Café and Catering owner Leigh Henderson, and Greg Armstrong of the Washington State Transportation Improvement Board at the groundbreaking on April 14.

228th St. Bothell-Everett Hwy. project complete

The contractor is scheduled to complete final paving and striping on the intersection improvement project by early June, weather-permitting. The project added capacity, providing some relief to drivers, who seem accustomed to the new lane configuration. A second left turn was added on the west leg of 228th, new signals, signage and lighting were installed, and the traffic islands were removed from three corners of the main intersection to enhance pedestrian safety.

Over the past few months, Snohomish County technicians have continued to fine-tune the signal operating cycles.

This summer, don't forget to scoop the poop

Pet waste left on yards and along roadways pollutes local streams and causes a potential human health risk. Dog waste, just like human waste, is raw sewage and contains harmful bacteria like E.coli that can make people and pets sick.

The great news is that it's easy to protect ourselves and our streams! Simply, SCOOP THE POOP, BAG IT, AND PLACE IT IN THE TRASH.

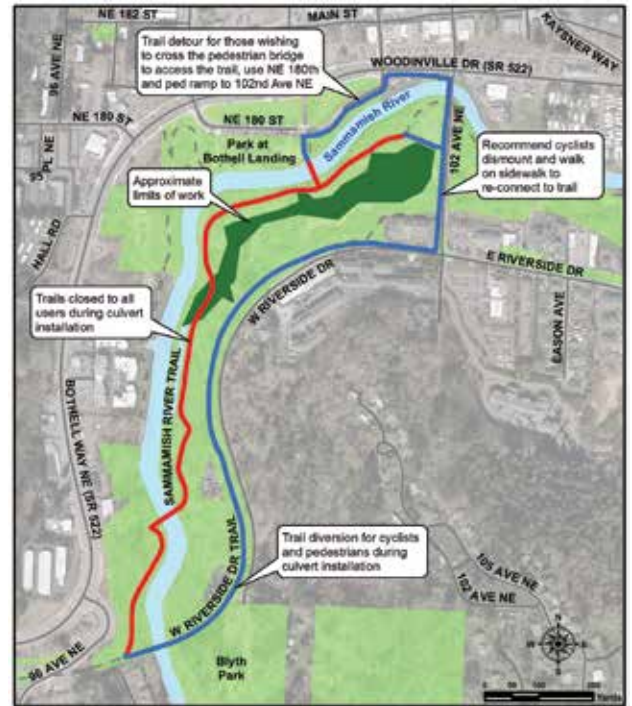

Sammamish River Off-Channel Habitat Restoration begins

Construction will begin this month on the Sammamish River Off-Channel Habitat Restoration Project, which will reconnect and restore 1,100 feet of an old remnant channel and floodplain of the Sammamish River. The project will restore about eight acres of floodplain with native plantings and by removing invasive plant species. It also will hydraulically reconnect the restored area at both ends to the Sammamish River to make a habitat for Chinook and Coho salmon.

Grants from King County Cooperative Watershed Management, King Conservation District WRIA, and the Salmon Recovery Funding Board helped fund more than 80 percent of the design and construction costs.

What to expect during construction

Part of the parking lot next to 102nd Ave. NE will be fenced off for construction traffic from approximately June – September. A section of the Sammamish River trail will be detoured in the latter part of July and beginning of August. Trail usage will be briefly interrupted (15-20 minute closures) for trucks entering and exiting the site in August and September. Anticipated completion is this October.

Horse Creek Improvement Project is nearing completion

Horse Creek at the Park at Bothell Landing

The Horse Creek Improvement Project is nearing completion, with full stream flow anticipated in the new open channel by June.

The Horse Creek Improvement project daylights approximately 2,900 linear feet of the stream that formerly ran in a pipe through downtown. The pipe overflowed in large storms, runs across developable property, and eventually, due to condition, would need to be replaced. The downtown revitalization provided the opportunity to open up the stream, provide fish passage, and create a walking corridor from the Sammamish River to Pop Keeney Field.

The challenge of constructing a natural fish-bearing stream environment through a busy urban downtown included clean-up of contaminated soil, significant utility relocations,

pedestrian safety and enhancement features, stream mitigation, and construction of retaining walls and channel liners to minimize environmental and groundwater impacts.

Upcoming work:

In August, crews will install pedestrian railings and decorative art work along the stretch north of SR522 through the Horse Creek Plaza open space. Final clean-up and restoration of adjacent areas are also anticipated.

New protections for local streams

The City is updating its stormwater development-related codes and design standards to reduce flooding and the cost of increased infrastructure, as well as to provide better protection for local streams from pollution. These changes will require the use of Low Impact Development (LID) principles and Best Management Practices (BMPs) where possible.

LID techniques imitate natural forests by helping rain absorb into the ground, instead of running into pipes that drain to local lakes and streams. LID features such as rain gardens, pervious pavement, and green roofs also treat and retain stormwater at the source. Using these techniques helps to reduce flooding by slowing water down and allowing it to absorb into the soil. They also help protect fish and wildlife by removing some pollutants before they reach our lakes, streams, and Puget Sound.

Are you interested in reviewing the proposed code changes or being updated on the process? Visit bothellstorm.org to review a draft of the proposed code revisions, view the most updated information on the Planning Commission and City Council dates for review, and to sign up for email updates.

City buys riverfront land

The City of Bothell is now the proud owner of 4.3 acres of land along the Sammamish River, formerly owned by the Washington State Department of Transportation (WSDOT). The City bought the land from WSDOT for about \$51,000. The property is next to existing City property, northeast of the 96th Avenue tunnel. The property will remain as public open space and park land. The Sammamish River Trail runs through it.

Environmentally-friendly back to school and Zero Waste lunch supplies here!

*Minimum 1000 miles required for rewards.

COUNCIL CORNER

By Tris Samberg

We need your feedback about the City's budget

Your greatest influence over the direction of our city happens this year when the City Council considers and adopts the 2017-2018 budget. The biennial budget is the most important planning document for our city because it determines how your tax revenues are spent. If a project or priority does not appear in the budget, it likely won't be funded.

One of the most important functions your city government provides is service, such as public safety; parks and utility maintenance and operations; and planning and development oversight. As a result, approximately 83% of Bothell's current operating budget is personnel costs. The two-year operating budget for 2015-2016 is approximately \$87 million and is largely funded through a combination of property tax, sales tax and utility tax revenues.

The capital budget is distinct from the operating budget and funds major road, utility, parks and building projects identified in the Council-adopted Capital Facility Plan (also being updated this year). The capital budget is funded through grant awards, Real Estate Excise Tax, utility rates, developer impact fees, bonds (borrowed money) and property sales.

How can you influence the development of the budget and the direction of our city? For those with unlimited time and interest, the 500-page budget, quarterly reports and other finance documents are available on the City website. For the rest of us, new web-based tools and videos will be coming online to help you understand the budget. City staff and Council will be connecting with you via social media and outreach. And for those wanting to connect to a real person, our terrific Finance Department staff are available for personalized appointments to go over your questions and ideas. As I said before, cities are service providers and you, the taxpayer, are our most important customer. Thanks for reading.

Where on the earth do these products come from?

Recology CleanScapes encourages you to see a world without waste! That means thinking more about where your products come from so we can think about how to conserve the most natural resources.

Ever wonder where your soda can came from, and what happens after you toss it in the recycling bin? This month we're taking you on an inside look into the lifecycle of some of the most popular recyclable products: aluminum, glass and paper.

Aluminum – Aluminum is derived from bauxite, an ore typically mined from shallow deposits and refined into what we know as aluminum. Top producers of bauxite throughout the world

include Australia, China, Brazil and India. Aluminum is the only material in our waste stream that is infinitely recyclable – meaning that aluminum does not lose integrity or strength during the recycling process. The process of recycling aluminum is also quite quick. A soda can, for example, is recycled back into another can in as little as six weeks.

Glass – Glass is made by melting a mixture of sand, soda ash and limestone at extremely high temperatures. The liquid product can be manipulated into many different shapes and sizes to produce wine bottles, windows, cups and other household items. In the Puget Sound region, glass is collected

through curbside programs, processed at the recycling facility, and sent to Strategic Materials glass recycler for processing. From there, glass travels just a few hundred feet to Verallia, a glass producer.

Paper – Most people know that paper and cardboard come from trees. Paper, however, is a material that degrades as it is recycled, and is often used to produce other lower grade papers such as toilet paper, paper towels or napkins. Paper is generally produced and recycled within North America.

Questions about other items and where they come from? Reach out to Recology CleanScapes at bothell@recology.com or 425.453.0220

Get involved in developing the City budget

One of the most important efforts underway at City Hall is the development of the 2017-18 budget. The city manager will submit a recommended budget to City Council for consideration this fall. The budget addresses all fiscal issues, including revenues, expenditures and service levels. It is a plan for spending residents' money on municipal services (public safety, streets and sidewalks, parks, etc.). The current budget (2015-2016) is just over \$200 million.

The City of Bothell uses a collaborative, decentralized approach to budgeting. Community engagement in the budget process helps ensure the City can discern the community's priorities, fund them, and carry them out.

Let us know what you think by:

- Talking with City staff and City Council;
- Responding to requests for public input;
- Sending emails to CityCouncil@bothellwa.gov;
- Attending public meetings (see schedule);
- Participating in surveys.

Learn more about Bothell's budgeting:

- **Tackling the Budget**, a 4-minute video featuring the Bothell High School football team: <http://bit.ly/1WQWhVk>

- **City website:** www.bothellwa.gov. Search for "budget" for new budget engagement tools.
- **Request a personal tour of the budget or a budget report:** email budget@bothellwa.gov

The budget information on the web is an interim step until the City can fund a new modernized financial system. The City is developing an Information Systems Strategic Plan that includes such software. A new financial system would provide the functionality needed for things like online bill pay, as well as a customer-friendly portal so that residents can access City financial information.

BUDGET TIMELINE

Ongoing: Implement and promote new public engagement efforts

June 1: City Manager's Official Budget "Call Letter" available online (defines guidelines for budget development and departmental roles and responsibilities)

Oct. 3: Revenue estimates provided to Council (online)

Oct. 18: City Manager's recommended 2017-2018 budget presented to Council and public

Oct. 25: Half-day Council Study Discussion of Proposed Budget

Nov. 1, Nov. 8, Nov. 15: Public hearings for citizen input

Dec. 6: Public hearings and potential budget adoption

IT'S NOT JUST DIRT

Washing your car at home sends gasoline, oil, heavy metals, solvents and other harmful pollutants into our storm drains which are connected to our local streams and ultimately Puget Sound. Please do your part, take your car to a commercial car wash.

Remember, Nothing but Rain Down the Drain

Puget Sound
Starts Here.org

How you can help local wildlife: Eastside Audubon Society Partnership

Increased development can affect native populations of fish and wildlife. Help offset these impacts to resident birds by protecting, restoring, and enhancing a landscape that allows them to survive in our growing community. Start by creating a friendly space in your own back yard and encouraging your friends and neighbors to do the same.

Create habitat for native birds in your back yard

Join the City of Bothell and Eastside Audubon Society by pledging to take a step towards native bird friendly-habitat. It's easy to get started:

- 1) Plant native species that provide food and shelter to native bird populations
- 2) Retain dead snags and branches that serve as rest and nesting sites
- 3) Eliminate pesticides which can be fatal to birds and their food sources
- 4) Remove invasive species such as ivy and blackberry
- 5) Leave leaf litter to provide food for foraging birds
- 6) Keep cats indoors

For more information about how you can protect our local wildlife visit, <http://bit.ly/1rp5Ux8> To sign up for bird classes or learn more about our local native bird populations visit, eastsideaudubon.org

WHY CONSTRUCTION NOW?

Besides the weather and reduced commuter traffic, there are other reasons why a lot of stormwater and road-related construction is concentrated during the summer months.

Pacific salmon and other resident fish populations have been on a steep decline due to combined effects of dams, habitat destruction, over harvesting, poor land-use and transportation. Recovery and conservation of these populations and their habitats has led to regulations that focus on protecting native fish populations during their spawning season. This means that any regularly scheduled construction work which requires being in or over local streams must be completed within these summer months known as the "fish window."

This helps reduce the amount of spills and pollutants that can instantly kill these spawning fish as well as keeps crews from destroying or disturbing the eggs before they have a chance to hatch.

The Washington Department of Fish and Wildlife (WDFW) and Army Corp of Engineers (ACE) have varying fish windows depending on what species of fish are in the stream.

For more information on WDFW construction related permitting in or near streams, please visit the Department of Fish and Wildlife Hydraulic Project Approval (HPA) page: wdfw.wa.gov/licensing/hpa/faq.html

Help create a vision for the Wayne Golf Course property

Located near the downtown core and connected to regional trails and Blyth Park, the Wayne Golf Course property has the potential to become a significant regional attraction for the community.

The City, OneBothell, King County and Forterra, a non-profit land conservation, stewardship and community-building organization, have been collaborating to develop a funding strategy for the property. Earlier this year, Forterra purchased the back nine property and expects to purchase the front nine property this spring. Forterra will hold the land for up to three years.

The land is estimated to cost about \$11 million, and the City of Bothell does not have any dedicated funding to buy the land. If the City were to buy the land, there would also be additional ongoing maintenance costs and potential development costs associated with future ownership of the property.

The City of Bothell is working with partners Forterra, OneBothell, and King County to develop a vision by the end of June for the Wayne Golf Course. The City needs community input to develop a vision for the land to apply for grants that might offset some of the purchase price. If the property is not acquired, much of the property could be sold for development.

The Wayne Golf Course consists of 89 acres and half a mile of Sammamish River shoreline. The community will need to determine the right mix of restoration, conservation, education, open space and recreation activities.

Give your input in an online survey by June 15: <https://www.surveymonkey.com/r/5LFVFSB>

Please direct any questions to Bothell Parks and Recreation, john.keates@bothellwa.gov or 425.806.6751.

The City and its partners want your thoughts to develop a vision for the Wayne Golf Course property.

New water tank for Penn Park

The City of Bothell is replacing the existing concrete water tank, installed in William Penn Park in 1960. The half million gallon tank has reached the end of its useful life; crews will replace it with a one million gallon steel tank.

For safety reasons, the park is closed while construction takes place. Construction will extend through the spring of 2017.

Crews demolish the existing water tank, installed in 1960.

Regional park info available at: myparksandrecreation.com

Office hours: 8 a.m. to 5 p.m.

RESIDENT DISCOUNT FEE

City of Bothell Parks and Recreation strives to provide quality and affordable recreation opportunities to the community. In recognition that Bothell citizens support our Parks and Recreation services through their city taxes, the City offers its residents a discount on all fee-based recreation programs. Not all persons with Bothell mailing addresses live within the city limits. If you receive a City of Bothell utility bill, you are a Bothell resident. Not sure? Our Parks and Recreation staff will be able to assist you (425.806.6760). Those persons not living within the city limits are welcome to enjoy our activities at the rates listed.

Please Note: All participants are required to sign a hold harmless form prior to participating in any registered program. Parent or guardian signature is required for all participants under 18 years of age. Some class programs may require a separate hold harmless form to be signed due to the specific nature of that program.

ACCESSIBILITY

City of Bothell Parks and Recreation will make every effort to provide reasonable accommodation for people with special needs. Please contact us three weeks prior to the class starting to discuss accommodations.

SATISFACTION GUARANTEED

City of Bothell Parks and Recreation strives to provide the best possible recreational programs and to ensure customer satisfaction. If you are dissatisfied with the quality of the program, facility or instructor, you should contact the staff prior to the second class or within two days following a one day class so that your concerns can be quickly addressed.

REFUND POLICIES

Before you register for any class you should read and understand the following refund policies.

NONDISCRIMINATION POLICY

The City of Bothell complies with the State of Washington's "Fair Play in Community Sports Act" (Chapter 467, 2009 Laws, effective date July 26, 2009) that prohibits discrimination against any person in a community athletics program on the basis of sex. Any questions or comments, please contact John Keates, Parks and Recreation Director.

PROGRAMS AND ACTIVITIES

Refund/credit granted if request is made at least five (5) business days prior to the start of class, less \$10 administrative fee.

100 percent refund if class is cancelled.

Class withdrawal requested less than five (5) business days prior to the start of class will result in a credit/refund of 50 percent of the registration fee less a \$10 administrative fee per registrant per class. No refunds for classes costing less than \$10. No refunds/credits will be issued after a class has started.
